**NUCETE**

AGRO ACEITUNERA S.A.

# About us

Proud of being one of the **biggest producers, packers and exporters of olives and olive oil of Argentina and America**, we keep working on the worldwide recognition of our products.

Our effort and dedication allowed us to be **vertically integrated**, from the nursery to the palate of consumers. Through history, our company was able to adapt to the requirements of the industry, always by the hand of the innovation.

Constant growth, and commitment to what we do are our fundamental pillars that guarantee the quality of our products.

In **South America, Argentina**, and even faraway of the cosmopolitan areas, our factory takes an active role in the development of the rural areas where is located, becoming one of the most important sources of work for their residents. We want to **show the whole world the richness of our territory, by placing the argentinian olive sector among the bests around the globe.**

## QUALITY AND LAB

For **Agro Aceitunera S.A.**, quality is one of the essential pillars of our work.

Therefore, in addition to investing in state-of-the-art equipment and technology, we constantly seek to ensure our product quality through a team of qualified professionals and workers who cooperate day after day towards a common goal: producing high-quality products under the highest standards and delivering them to all tables in the world.

Our industrial plants have implemented an **HACCP-certified** (Hazard analysis and critical control points) quality management system; this standard is a systematic prevention system aimed at ensuring food safety. We are also **Kosher-certified**.
